

## LOCAL GOVERNMENT IS BULWARK OF FREEDOM IN U. S.

So Declares United States Senator Edward Martin

IT IS "SELF-GOV'T" Reminds That All Political Campaigns In America Are Important

**Special To Courier**  
EASTON, Nov. 5.—Local government is self-government and is the bulwark of freedom in America, Pennsylvania's U. S. Senator Edward Martin declared last night at a campaign dinner of the Northampton County Republicans.

Senator Martin's address follows: I like to come to Northampton County political gatherings because your leadership and your organization preaches and practices the kind of politics that strives for good government. You take part in politics because you want to preserve America as a land of freedom and opportunity. That, my friends, is real peace time patriotism.

We are in another important political campaign.

All campaigns in America are important no matter whether they are local, state or national. Under our system of self-government in the United States, every vote cast in every election means something.

Daniel Webster, one of the greatest of American statesmen, expressed a strong and classic political truth when he said:

"The first object of a free people is the preservation of their liberty."

And I say to you that the preservation of our liberty begins at the ballot box in your own community and in your own voting precinct.

All good government has its foundation in municipal or local elections such as we are having next Tuesday. The offices we fill in this election are of so much importance to the people because their duties and responsibilities bring them in direct contact with the people.

Schools, roads, streets, elections, police and fire protection, health services and your county courts come under their jurisdiction.

Local government is self-government. It is home rule. It is the bulwark of our freedoms.

Local government is the last line of defense against the advance of centralized bureaucracy. It must be maintained in health and vigor or we will be defeated by those who would control and regiment the lives of our people under a Socialistic planned economy which destroys freedom of the individual.

There have been great changes in government in the United States in 20 years.

Let us make a few comparisons. In 1929—only 20 years ago we spent less than 4 billion dollars to operate all the functions of the Federal government.

In this fiscal year our government will spend more than 11 times as much approximately 46 and one half billion dollars. In addition, Congress in the session just closed, passed contract authorizations of 4 and a half billion, making a total of almost 51 billion dollars.

Now, you know, it is impossible

### Fill A Bassinet With Gifts; Johannsen Shower

Mrs. Walter Johannsen, Fleetwing Estates, arrived at the home of Mrs. William Carey on Wednesday evening expecting to attend a meeting of her pinocle club. When she opened the door she found a room full of guests who had planned a shower of gifts for her three-week-old daughter, Barbara Jane.

The shower was arranged by Mrs. R. S. Bartholomew and Mrs. Carey, who had hung a large pink umbrella upside down over a table full of miniature bassinets, favors for the guests, and a larger bassinet with a doll in it for the guest of honor. Mrs. Johannsen was also given a corsage of roses pinned in a crepe-paper diaper.

The guests played games, for which prizes were given. They then were served party sandwiches, cake and coffee.

Others present: Mrs. John Powers, Mrs. Lawrence Harrison, Mrs. Sam Barnes, Mrs. Robert Hyatt, Mrs. William Drumel, Mrs. Frank Accardi, Mrs. Robert Green, Mrs. William Smith, Mrs. James Ritter, Mrs. Guido Gentilucci, Mrs. William Patterson, Mrs. George Kemmerer, Mrs. Victor Kotunok, Mrs. Daniel Hardin, Mrs. Clifford Jones, Mrs. Henry Nagel, Mrs. Allen Lebo, Jr., Mrs. Irvine Hetherington, Jr.

## THE RIGHT TO VOTE

The mere right to vote, by itself, is meaningless so far as true freedom is concerned.

Some of the strongest dictators in history were "elected." Napoleon is one example, Hitler another.

There are dictatorships today where voting is not merely permitted, but is compulsory.

The difference between freedom and slavery lies, not in whether citizens can vote, but that in a country like this, their votes actually control their government.

This country is one of the few where the people's vote still really means something.

Your vote next Tuesday actually decides some matters. It will help decide, for example, whether the excellent Republican Administration in charge of Bucks County's affairs will be continued, or will be broken up and taken over by newcomers.

In many communities, the votes will render similar verdicts with regard to local affairs.

Consider the bonus amendment: here is an excellent illustration of the manner in which American self-government is protected by the basic law of state and national constitutions.

Why can't the State Government go ahead and decide on the bonus question? Why is it that you, as a voter, are being asked to pass on it?

Simply because the State Constitution prohibits the officials at Harrisburg from borrowing large sums of money without the voters' consent. When government borrows, the citizens have to repay. A basic principle of free government is that those who must pay back government's debts are entitled to a voice in incurring those debts.

You can't have free government any other way. How can any race of people be said to be free and self-governing, if their government can pile up heavy debts for them to repay, without their permission?

That's the reason why all American units of government, except the Federal government itself, have limitations on their borrowing capacity written into the constitutions which govern them.

So when you vote on the bonus, whichever way you vote, you are exercising a fundamental sort of right almost entirely unknown anywhere else in the world.

Those are reasons why voting in America is a right so important that you should not forget to exercise it.

Be sure to vote on Tuesday. And when you vote, be sure to vote straight Republican. Look for the word Republican on your ballot, and put a cross after it, thus:

REPUBLICAN

## News of Schools In Area ---

### Bristol Borough

On Tuesday evening, at 7:30, the school bells will ring again for the parents of Bristol high school students. Assuming the role of their children, the parents will attend their Wednesday classes.

Each period will be ten minutes long, at which time the parents will meet the teachers who will explain the objectives of the course and the study activities pursued in that subject. Classes will run from 7:30 to 8:30.

Following this will be one-half hour when the parents can meet those teachers who do not see their students on Wednesday. At this time parents may also return to any teacher previously visited for special discussion.

At nine o'clock, the pseudo-stu-

dents will assemble in the auditorium where they will be entertained by the school band.

On this same evening open house for parents will be held by the elementary teachers of the Harriman building. All parents are welcome to visit the teachers of their children.

The following students have made the honor roll, at Jefferson avenue school: 7-1, A—Honor roll—Jo Ann August, Hilde Haman, Anthony Monte, Natalie States, Myrtle Sprouts; 7-3, Benjamin Jones.

To make the honor roll a student must have A's or B's in all subjects, with a C permitted in one minor.

### Make Steady Progress, Youth Community Center

NEWTOWN, Nov. 5.—A total of 406 contributions to the Neshaminy Valley Youth Center amount to \$10,300. It is disclosed. The fund for such is progressing steadily, it is announced.

"It's very gratifying that of those persons and places of business visited thus far, we've had an 87 per cent response," Stanley Sutton, Jr., head of the fund raising committee, commented.

"If all the folks in this neighborhood keep on giving to the best of their ability, we have high hopes that Newtown will have its needed center soon."

### TELEVISION "PROMISE" PRESENTED TO CLUB

W. L. Lawrence Says TV Can Be Unparalleled Selling Medium

### TRAVEL CLUB SESSION

That television, intelligently used, can be "a selling medium of unparalleled effectiveness with tremendous power to move merchandise" was one of the points brought out by Walter L. Lawrence, of the Radio Corporation of America, when he addressed Travel Club members yesterday afternoon.

Mr. Lawrence's subject was "Television—Its Mechanism and Promise." He was introduced by Mrs. Harry T. Neher, in the absence of Mrs. R. F. Wright, radio committee chairman. The speaker's activities range through many phases of television work, and from his wide scope of experience in the field of TV, he gave a message regarding a highly technical enterprise in terms understandable to the layman.

In connection with the field of television he has made nine trips to Europe. As stated by the speaker, it was a difficult assignment to crowd into 40 minutes, information about an enterprise that it has required 20 to 25 interesting years to develop.

"Television is 'seeing at a distance.' There is no lapse of time between the period the scene is photographed and its transmission to screens for millions to see, as is the case with motion pictures. In the latter instance periods of from four days (news reels) to months and possibly years elapse before the audience views the films. . . . Even distant events we see as and while they happen." He told how electricity naturally is required as an aid to speed transmission of the pictures; then went into the complexity of the problems involved.

Mr. Lawrence reminded that by means of television, sight, motion and sound are delivered into the living-rooms of countless homes. After citing specific instances where huge quantities of goods have been moved through brief television programs contracted for by manufacturers or merchants, the unparalleled effectiveness of such programs was pointed out.

Mentioning how the simplest electrical system operates, such as the ringing of a bell in one part of the house when the pressing of a door-button sets up an electric impulse, Mr. Lawrence explained briefly how pictures of actual happenings are transmitted by means of electricity from the camera at the scene of action to the receiver in the home. The matter was one of explaining how space variations of

### Louis Martino Is Candidate For Council

Nominated by the Republicans for Borough Council from the Fourth Ward is Louis Martino, of 901 Beaver street, a life-long resident of Bristol.

He was born October 1, 1895, in the Third Ward, and is a son of Joseph Martino, a retired Pennsylvania Railroad employee. His mother, Mrs. Philomena Martino, is deceased.

On December 23, 1920, he married Miss Rose Caruso, of Bristol. They have three children: Mrs. Louis Galzerano, of 319 Dorrance street; Anna Martino, and Joseph, who is now attending the Lock Haven State Teachers College. All of the children are graduates of Bristol high school.

After attending the public schools in Bristol, Mr. Martino worked for a time at the Corona Leather plant, and twenty-six years ago went into the grocery business. He has been in the grocery and real estate business here since that time.

He is a member of the Bristol Chamber of Commerce.

### EXPLAIN PLANS FOR PLANTS' IMPROVEMENTS

Rohm & Haas Co. Will Spend \$7,000,000 Next Year On All Plants

### NEED REPLACEMENTS

Reports have been circulated here that Rohm & Haas Co. plans large expansions at their Bristol plant. The company was contacted and a spokesman gave the Courier the following statement:

"At its meeting on October 25th, the board of directors of the Rohm & Haas Company approved a construction program for replacement and expansion of existing plant facilities in the year 1950 at a total estimated cost of \$7,000,000.

"Following the war the company made large expenditures for a new steam power plant and related facilities at its Bridgeton plant and also in the erection of a new plant in Texas. In 1950 it proposes to spend about \$3,000,000 for the normal annual replacement of obsolete and worn out equipment and facilities.

"In addition about \$4,000,000 will be spent in modernizing and increasing the capacity of the company's plants. The work in 1950 will be spread over all divisions of the company's operations, none of which will be singled out for mention at this time."

# Burgess JACOB C. SCHMIDT, Sr.

***for Re-election, Next Tuesday, November 8***

## To the Voters:

The citizens of Bristol who are listed below have indorsed Hon. Jacob C. Schmidt, Sr., for re-election as Burgess next Tuesday, November 8.

Burgess Schmidt has been active in Bristol affairs for more than fifty years. He has an irreplaceable background of experience with Borough problems.

He was Councilman for fifteen years, and has been Burgess for six years.

He has taken part in all the important improvements which have changed this Borough over, during his lifetime, from a dusty mill-town into the flourishing, bustling, modern, comfortable community we have today.

In nearly all of this betterment, he has been a leader.

Personally, "Jake" Schmidt is one of the best-liked and most likeable men in Bristol.

He is a self-made man. He started out a poor boy and climbed by his own efforts up the ladder of success. His life is an inspiring story of American opportunity which makes it possible for those of the humblest birth to rise high in the world.

By toil, patience and vision, he built a business that carries the name of Bristol to every part of the country.

Success has not spoiled him. It has not changed his warm, friendly personality. To an earlier generation, he was known personally to almost every man and woman in Bristol, and loved and respected by all.

Perhaps he is less well known to the

Burgess JACOB C. SCHMIDT, Sr.

younger citizens, and to those who have moved here in recent years. That is their loss. We urge them to become better acquainted with his sterling qualities.

Bristol is proud of Burgess Schmidt. He is proud of Bristol. All his life he has been a builder-upper, not a tearer-downer.

Whenever he has found something that needed doing, his ambition has been to do it --not make speeches about it.

He is a keeper of promises. When he ran

for election four years ago, he told the people of Bristol what he hoped that he and Council could accomplish.

## WHAT HE PROMISED HAS BEEN DONE!

That's the sort of public official we like --the man who doesn't promise more than he can do, and who does what he promises!

The office of Burgess is the most important position in the Borough Government. It is not merely an ornament. The Burgess is the chief peace officer. He is the chief executive officer. He sees that Council's ordinances are carried out. He is the leader -- the man whose judgment and personality dominate the whole administration.

By reason of his personal qualities, and by reason of his long and intimate experience with Borough Government, and his many years of close contact with Bristol's conditions and history, Mr. Schmidt is pre-eminently qualified to represent this community as Burgess during the coming years.

Bristol urgently needs his practical, shrewd business judgment, his leadership, his sterling honesty, and his great experience, at this time when big enlargements of water, sewer and other Borough facilities are in prospect.

Therefore, we heartily indorse Burgess Schmidt to the citizens of Bristol, and join in urging you to vote for him at the General Election next Tuesday.

Respectfully submitted,

## Club Members Display 'Mums; Books Are Reviewed

LANGHORNE, Nov. 5 — The fact that such an array of chrysanthemums in a wide variety of colors could be gathered from local gardens on the threshold of winter amazed members of Langhorne Sorosis, Thursday. The Langhorne Library, the club meeting place, was a mass of color, members having provided numerous bouquets for the afternoon meeting.

The day's program was in charge of the chairman of the book club, Mrs. Donald Huntsberger. Mrs. Edwin Laning gave a review of "The Show Must Go On" by Elmer Rice. Although members felt this is not destined to become a classic, they decided it is a book well worth reading. It involves the life of a theatrical producer and the confused romances of six people.

The second review was of Willie Ley's "Conquest of Space," and this was presented in an entertaining manner by Mrs. Edith Benedict. While many feel this description of a future trip to the moon is just too much to comprehend, Mrs. Benedict's presentation of it created a desire on the part of all present to read the book.

Book week was announced as November 15th to 19th, with children's books being stressed.

Reports of the Bucks Co. Federation of Women's Clubs fall sessions held last week at Hartsville were presented by Mrs. Horace Townsend, Sorosis president; Mrs. John Beller, and Mrs. Edward Pickering, 3d. With Girl Scouting stressed by county clubs this year, Sorosis is boosting the Girl Scout movement in Langhorne in an earnest manner. The education committee is selling aprons for benefit of the local troop. Sorosis also contributed \$50 to the Bucks Co. Council of Girl Scouts.

The book club meeting on Nov. 10th will be at the home of Mrs. Peirce Fabian; and the American Home Committee meeting on Nov. 20th will be at the residence of Mrs. William Noe, the subject being "Draperies".

Three new members were welcomed, namely Miss Eleanor Perot, Mrs. Harry Feaster and Mrs. Charles F. Coates.

### Today's Quiet Moment

By Edwin L. Thomas

Pastor  
Newport Road Community  
Chapel

There is a way that seemeth right unto a man but the ends thereof are the ways of death, for the Lord knoweth the way of the righteous, but the way of the ungodly shall perish.

Help us, O God to chose the right way, for God sent not His Son into the world to condemn the world, but that the world through Him might be saved. Grant unto us the realization that Jesus said, "I am the way, the truth, and the life, no man cometh unto the Father, but by Me." Amen.

## PLAYERS' LATE ARRIVAL HELPED TO LOSE GRID GAME

EDDINGTON, Nov. 5—Lateness of his first-string players in arriving for the game hurt the St. Francis Varsity School eleven as it bowed to the Pennsbury High contingent here yesterday afternoon by a 20-6 score.

Most of the varsity players of the St. Francis team go to classes in Philadelphia schools and are usually back in Eddington by three o'clock, the starting time of the game. But yesterday, the open truck which carries the players back and forth was delayed and the first half of the game was practically over before Brother Edwin Anthony had his line-up intact.

By the time, the varsity lineup was in action, Pennsbury had scored twice on the St. Francis 135-pound team and also booted an extra point to take a 13-0 lead.

The first-stringers did a fine job in holding Pennsbury to a lone touchdown the remainder of the game and scored itself on a 80-yard drive in the final quarter.

Pennsbury counted on its first offensive attack. It made two first downs in succession with Sam DiNatale leading the attack. Then "Charlie" Saunders got off on an end-around play and made 20 yards. Shortly after, Saunders again carried the ball on the same play for a touchdown. The extra point try, a pass, failed.

It wasn't long afterwards that the Falcons again scored. This time Jack Perry broke loose on an off-tackle play and sprinted 45 yards for the touchdown. "Bill" Hibbs place-kicked the extra point, making the count 13-6.

Frank Hunter got off on a 40 yard run in the second quarter and got as far as the St. Francis 21-yard line. But a fumble was recovered by the Eddington lads.

By this time, the varsity players were getting dressed and began dribbling into the line-up. The remainder of the first half and third quarter were scoreless.

Pennsbury opened up on its aerial attack in the final session and pushed over a TD on two passes, both Hibbs to Saunders. The first was for 45 yards and the second a touchdown from the 15-yard line.

The St. Francis drive started on its twenty and ended in a touchdown on two line executed passes. "Mickey" Celestino to Dave Potter. Line-ups:

## YMCA TO ORGANIZE CHURCH LEAGUE

A meeting of the Church Basketball League, scheduled to be run this fall and winter at the Y. M. C. A., will be held in the Y. M. C. A. on Monday evening at 7:30 o'clock. All churches interested in entering teams in the league are urged to be represented at the meeting.

Plans are being made to run two leagues, one for boys between the ages of 14 and 18 years, and the other for young adults over the age of 18 years.

Several meetings have already been held to determine the interest in such a league, and at the present time there are about ten teams which will enter the league. This league will be open to all churches in the Bristol area, including Croydon, Bensalem, Eddington, Humesville, Newportville, etc.

Since the league is about to begin, the deadline for entering a team in the league will be Monday night. Any church unable to be represented at this meeting should contact the Y. M. C. A. if they desire to enter a team in either league.

### LANGHORNE ACES GAME

PENNSDEL, Nov. 5—Still trying for a playoff position, the Langhorne Aces will play the Chestnut Hill Mohawks tomorrow afternoon in a Northeast Conference game on the Mohawks' field at Mt. Airy. The Aces have won three and lost three in the conference standing and are but one full tilt away from the final playoff spot.

### LANGHORNE EAGLES GAME

The Newportville Langhorne Eagles will try for their first win of the season tomorrow afternoon as they meet the Frankford Crusaders at Torresdale avenue and Wakeling street, Philadelphia. Kick-off will take place at 2:15 o'clock.

## ST. ANN'S TO MEET BLACKWOOD BEARS HERE TOMORROW

Veering from its playing in the Northeast Football Conference, St. Ann's A. A. will meet the strong Blackwood Bears tomorrow in an independent football game on Memorial Park Field, at two o'clock.

The "Saints" were originally scheduled to play Holmesburg A. C. in a conference tilt but Holmesburg suddenly withdrew from the circuit giving St. Ann's a forfeit. The forfeit plus the forfeit that the Bristol team will receive next Sunday from New Delphia puts the Purple and Gold in the playoffs.

Not to keep the local team idle, John Scordia, athletic chairman of the St. Ann's organization, and Anthony Angelo, business manager, immediately went to work and booked the Blackwood team to come here. The leaders of the Wood Street organization are also attempting to arrange a game here for next Sunday to fill in the New Delphia date.

Coaches "Pete" Bornice, Joe Roe, and Salvatore Seneca, held several workouts for the squad this week. It appears that if few of the injured players may be back into the lineup. The trio of coaches were satisfied with the showing of the Saints last week when they beat Dittman, 20-18.

The only thing that needs polishing in the lineup is the pass defense and the three coaches worked hard this week and trying to iron out the defects. In fact, the pass defense has been the weak spot of the St. Ann's team all season.

The coaches were loud in their praise of the St. Ann's line in the Dittman tilt. It was really charging hard and upsetting the Dittman backs. Twice linemen broke through to block Dittman kicks which eventually led to touchdowns. The winning touchdown was actually scored because the Dittman kicker was rushed and got off a poor kick to the 20-yard line.

Head Coach Bornice announced last night there would be no change in the starting lineup and that he will use as many players as possible in the tilt.

The Blackwood Bears, from Blackwood, N. J., played such teams as Penns Grove, Palmyra, Norristown, Rockne, and Roehling last season and is composed of players that finished high school and college in South Jersey.

Many a big deal has been made possible through a small want ad.

## Local Government Bulwark Of Freedom In U. S.

Continued from Page One

for any of us to comprehend just how much that is.

Let me make some comparisons that give a better idea of the amount the Federal government will spend this year.

If every life insurance policy holder in the United States cashed in all of his life insurance, the total would amount to 44 billion dollars. That would not be enough money to run the Federal government for one year at the present rate of spending.

If every city home owner in the whole country disposed of his home—the total would amount to 39 billion dollars. That would run the Federal government for about 8 months.

If every farmer sold his farm, all the equipment on it, and all the livestock, the total would be 25 billion dollars.

The government could not run 7 months on that amount of money.

If every industry converted its net working capital into cash a total of 39 billion dollars would be realized. That would not be enough to run the government for 11 months.

The cost of local government in the whole country is about ten billion dollars a year. That would only support the Federal government two and one-half months.

All the 48 state governments collect another ten billion, which would only keep Uncle Sam going two and one-half months.

Let us continue our comparisons. In 1929, the national debt was 16 and one-half billion dollars. Today, just 20 years later, it is 15 and a half times as big, or approximately 256 billion dollars.

Since July 1, the beginning of this fiscal year, the Federal government is already in the red approximately two billion, three hundred million dollars.

In 1929 the Federal government had less than 600,000 employees on its payroll. Today the number of persons working for Uncle Sam is more than 2,200,000.

They are increasing daily and will continue to increase if the present trend is not stopped.

These figures should serve as a warning signal. They reveal the dangerous pace at which the free spenders at Washington are burning up the nation's wealth and the earnings of its workers.

Today, approximately 39 per cent of the total income of our people is being taken away from them to support local, state and Federal government.

We spend more to govern our-

selves than we pay for food. Government costs us 13 times as much as we spend for education and 40 times as much as we contribute to our churches.

In other words, we are working about 3 and a half months out of every year just to pay the cost of government.

Forty years ago, of all the taxes collected, 55% went to local government. Now it is only 13%. Forty years ago, 19% went to the states. Now it is 13%. Forty years ago, only 35% went to the Federal government. Now it is 75%.

This will be the year of the greatest peacetime spending since the birth of our nation.

The tax collections for this year will be far short of expenditures. We will undoubtedly end this fiscal year with a deficit of at least 6 to 8 billion dollars. That will be the greatest peacetime deficit in the history of America.

This is an alarming situation. It should cause every American possessed of common sense to stop, look and listen.

But it doesn't worry the spendthrift crowd that is in charge of the government at Washington.

Two weeks ago President Truman announced the most brazen plan in the long history of reckless extravagance by Democratic administrations.

With the Federal government spending about 8 billion dollars a year beyond its income, Mr. Truman says that's not enough. When Congress comes back into session next January his first demand will be for higher taxes.

President Truman says he knows no way to balance the budget except by increased taxation. He wants to reach deeper into the wages of the worker and the earnings of the farmer.

I would like to suggest to Mr. Truman that he could get some very good advice if he would come up here to Easton and talk with some of the good housewives in your community.

They could tell him how to make expenses balance with income. They could tell him what they do when it becomes necessary to economize. They could tell him how they cut down on the family expenditures and live within their means.

But it seems that Mr. Truman has never learned that simple principle of economics. From his early business experience down to the present time, he still thinks he can get ahead by spending more than he takes in.

That is what we mean by deficit financing. It means living on borrowed money, and going deeper and deeper into debt. Mr. Truman thinks that's good for the country.

Actually, it is like cutting off a

dog's tail in order to provide him with meat. You end up by whittling away the dog.

In the same way we are allowing our government to be destroyed. Not higher taxes, not more spending, but prudence, efficiency and economy in government are America's needs today. We need better management, better housekeeping and a realization of the fact that the course we have taken is the road to national bankruptcy. It is the road which ends in the loss of freedom under tyranny and dictatorship.

When President Truman's own economic adviser, Dr. Henry G. Nourse, resigned two weeks ago he gave blunt warning that the Administration's "monetary and fiscal policies have no power of magic but are a slippery road to misery."

How long can we stay on that road without rushing headlong into disaster?

How far can we travel along our present course and preserve the American system of individual freedom?

How long can we, as a Nation, spend billions beyond our means and continue to enjoy the highest living standards in the world?

President Roosevelt, when he was a candidate in 1932, gave the answer when he said:

"Any government, like any family, can for a year, spend a little more than it earns. But you and I know that a continuance of that habit means the poorhouse."

That was a sound statement. Unfortunately, it was soon forgotten. It was overwhelmed in a mad rush of bigger and bigger spending.

We cannot, we must not, keep it up much longer.

I predict that if it continues another decade the great blessings we have enjoyed as Americans will be lost.

What has brought all this about? Are we not as understanding about government matters as were our fathers?

Are we not attentive enough to our duties as citizens? I am afraid we are neglecting the obligation we owe to our country.

We are thinking too much about our rights and not enough about our responsibilities.

We are listening too much to the demagogues who buy votes by promising ease, comfort and security to be paid for with your own money.

We are listening too much to the

agents of the Soviet Union. The Communists have predicted that America would spend itself into economic collapse.

They have infiltrated every sort of organization and group. These people, their fellow travelers, and their innocent dupes, wage a never-ending war on Congress for greater and greater spending by the government.

We are listening too much to thousands upon thousands of misguided do-gooders.

We are listening too much to the demands of pressure groups for new governmental services. Once established they grow by leaps and bounds from year to year.

All this results in a great centralized bureaucracy at Washington which, slowly but surely, takes away the power, authority and functions of state and local government.

What can we do about it? How can we prevent the loss of local government and home rule?

There is only one way and that is for every American to take part in government.

To take part in government effec-

tively we must take part in politics. Only through the ballot box can we rebuild local control and local responsibility in every community.

Good government begins by electing qualified men of upright character and unquestioned integrity to local office.

I hope there will be a full turnout in all the election districts of Pennsylvania on Tuesday.

If we place good Republicans in our city halls, our township and borough buildings and in our court houses in this election, we will have a solid foundation for Republican victories in 1950 and 1952.
